

BRC1KDP51W/K Madoka Plus

Madoka Plus Wired Remote Controller

Intuitive touch control makes everyday operation simple and clear at a glance. The redesigned interface shows temperature, mode, fan speed and louvre position on one easy-to-read screen.

Smart energy efficiency is built in. Easily programmable energy saving functions, energy programs for optimised performance and real time feedback to encourage efficient behaviour.

Available in two colours to match any modern interior style.

Optional Madoka Plus intelligent sensors can be connected to create a smart room automation hub. This makes room control more responsive, connected and easy to manage.

Madoka Plus is designed for:

- › Hotels & hospitality: simple control for guests, energy savings for operators
- › Office buildings: intuitive, multilingual usability for diverse users
- › Retail & public spaces: premium design that complements brand environments
- › Meeting rooms & flexible spaces: automation through presence detection
- › Compatible with VRV, SkyAir & a wide range of ventilation units
