Exceptional wholesale services from the UK's only Specialist Daikin Supplier

Bringing you up to speed with the very latest Daikin technology news, along with a full and comprehensive choice of Daikin equipment, spare parts, accessories, and a full range of value-led support services that are designed to make life better for air conditioning installers.

Let's get started!

Large Sky Air Advance

The most compact outdoor solution for commercial applications

The RZA-D Sky Air 20-25 kW system is a superb single fan solution for replacing dated commercial systems with R32 technology. The system allows combinations of twin, triple and double twin and has the added benefit of not needing to replace existing pipework and

Useful Technical Tips

How to start/stop the flash streamer operation on indoor units

Via the indoor unit

To start/stop Flash Streamer (air cleaning) operation

Prerequisite: Make sure the unit is operating (**ON** is displayed on the user interface LCD).

1 Press .

Result:  is displayed on the LCD and the air in the room is cleaned when the unit is operating.

2 To stop operation, press .

Result:  disappears from the LCD and operation stops.

To access the information screen, with the screen illuminated, press and hold the ‘O’ button for 5 seconds.

This screen will permit access to further information/fault codes.

To access the reset screen for fault codes or filter inspection reset, press and hold the ‘O’ button for another 5 seconds.

You will be automatically timed out of this menu, back to the home screen, 5 seconds after the last button is pressed.

How to set the economy and quiet mode on outdoor units

To start/stop Econo and Outdoor unit quiet operation

- 1 Press  one or more times.

Result: The setting will change as follows.

Display	Operation
	Econo
	Outdoor unit quiet
	Econo and Outdoor unit quiet
—	Both deactivated

- 2 To stop operation, press  until both symbols disappear from the LCD.

Note: Econo operation can be only set when the unit is running. Pressing  cancels the setting and  disappears from the LCD.

Note:  remains on the LCD, even if you turn off the unit using the user interface or indoor unit ON/OFF switch.
