

Accessories for Easyzone System

AZEZ6DAIST/L

To increase the flexibility and speed of installation of the Easyzone multi-room air conditioning system, Daikin offers a series of new accessories.

Zone room controllers

Previously only available in a wireless, battery powered option, the Think touch screen and Lite simplified controllers are now available in a hardwired option. This alleviates the issue of having to change the battery within the controller.

| Model | Description |
|---|--|
|  BRC1H519W7 | Wired touch screen remote controller - White |
|  AZE6BLUEFACECB | Main Room Thermostat (at least 1 required) |
|  AZE6THINKRB | Additional wireless touch screen room thermostat (Think) |
|  AZE6THINKCB | Additional wired touch screen room thermostat (Think) |
|  AZE6LITERB | Additional wireless touch screen room thermostat (Lite) |
|  AZE6LITECB | Additional wired touch screen room thermostat (Lite) |

Zone controlling cabling

Previously only available as a 10 metre length, the 2x0.22+2x0.5 cable required for the zone controllers is now also available in a 100 metre length.

| Model | Description |
|---|--|
|  AZX6CABLEBUS10 | 10m of interconnecting cable for Easyzone thermostats |
| AZX6CABLEBUS100 | 100m of interconnecting cable for Easyzone thermostats |

Webserver cloud control

Adding the ability to remotely control up to 32 Easyzone fan coil units via a smart phone App or dedicated web site interface, the Webserver cloud control interfaces permits remote monitoring and control of your Easyzone zones. Available in two versions, one wired for ethernet connection to the site network, and the other is wireless for pairing with the sites Wi-Fi.

| Model | Description |
|---|----------------------------|
|  AZX6WSCLCLOUDDINC | Webserver cloud (wired) |
|  AZX6WSCLCLOUDDINR | Webserver cloud (wireless) |

N.B. These interfaces cannot be combined with the BACNet interface.

BACNet gateway

To permit remote control of each zone via a BMS system or Daikin Intelligent Touch Manager*, a BACNet gateway ethernet adapter has been released. A single gateway will permit control of a single Easyzone unit – of up to 8 zones.

| Model | Description |
|---|----------------------------------|
|  | AZX6BACNET BACNET gateway |

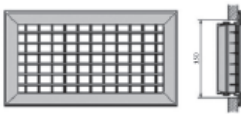

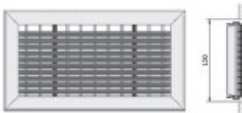

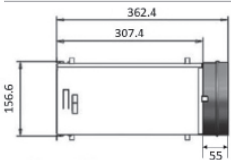

N.B. In addition to a AZX6BACNET per Easyzone unit, a DCM009A51 BACNet Client software is required per Intelligent Touch Manager

Supply air diffusers & plenum

To simplify selection of a suitable supply air diffuser, Daikin now offers a wall mounted and a Ceiling mounted diffuser, along with a suitable plenum. Both types of diffuser are 140mm wide by 150mm deep.

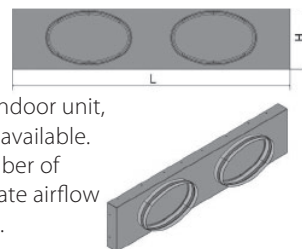

The wall mounted diffuser is of the double deflection type – both horizontal & vertical moveable vanes, whilst the ceiling mounted diffuser has horizontal vanes fixed at 15° and moveable vertical slates.

The plenum is provided with a Ø200mm spigot that can be adapted from front to top connection.

| Model | Description |
|---|---|
|  | RDHV040015BKX Air diffuser - wall |
|  | RLQV040015BKX Air diffuser - ceiling |
|  | PREJ040015T Plenum for wall & ceiling diffuser |

Air intake plenums

Designed to perfectly match the return air connection on the Daikin indoor unit, a range of air intake plenums is now available. Each plenum is provided with a number of Ø250Emm* spigots to ensure adequate airflow is available for correct unit operation.

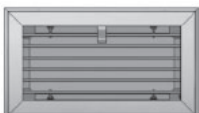

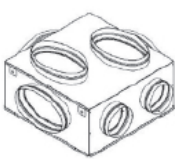

| Model | Description | Compatible FCU |
|----------------------|--|---|
| AZCEZDAPR07XS | Standard unit return plenum – XS (1 spigot) | FXSQ15A, FXSQ20A, FXSQ25A, FXSQ32A |
| AZCEZDAPR07S | Standard unit return plenum – S (1 spigot) | FBA35A, FBA50A, FXSQ40A, FXSQ50A |
| AZCEZDAPR07M | Standard unit return plenum – M (2 spigots) | FBA60A, FBA71A, FXSQ63A, FXSQ80A |
| AZCEZDAPR07L | Standard unit return plenum – L (4 spigots) | FBA100A, FBA125A, FBA140A, FXSQ100A, FXSQ125A |
| AZCEZDAPR07XL | Standard unit return plenum – XL (4 spigots) | FXSQ140A |

N.B. The Ø250Emm connections are elliptical in shape but are equivalent to a Ø250mm circular connection.

Return air diffuser c/w filter & plenum

To complement the supply air diffusers, a 500mm wide x 500mm deep return air diffuser is available. The diffuser is supplied with a removable filter membrane and has moveable horizontal slates. The plenum is designed to offer maximum installation flexibility with the choice of 5 different Ø250Emm* and 2 Ø150mm duct connections.

| Model | Description |
|--|---|
|  | Air intake filter slot + filter Fan coil units: FBA35A, FBA50A, FXSQ15A, FXSQ20A, FXSQ25A, FXSQ32A, FXSQ40A, FXSQ50A (1 diffuser Required) Fan coil units: FBA60A, FBA71A, FXSQ63A, FXSQ80A (2 diffusers Required) Fan coil units: FBA100A, FBA125A, FBA140A, FXSQ100A, FXSQ125A, FXSQ140A (4 diffusers Required) |
|  | RRFR050050BTX BR500 Air intake plenum for RRFR050050BTX |

N.B. The Ø250Emm connections are elliptical in shape but are equivalent to a Ø250mm circular connection.

Availability

All accessories are now available ex-stock
