

FBA-A / RZASG-M *SkyAir Advance-series*

Slimmest yet most powerful medium static pressure unit on the market

- › Combination with Sky Air Advance series ensures good value for money for all types of commercial applications
- › Top efficiency in the market. Energy label up to A++
- › Slimmest unit in class, only 245mm (300mm built-in height) and therefore narrow ceiling voids are no longer a challenge
- › Lowest sound levels in the market: down to 25dBa
- › Medium external static pressure up to 150Pa facilitates using flexible ducts of varying lengths
- › Possibility to change ESP via wired remote control allows optimisation of the supply air volume
- › Discretely concealed in the ceiling: only the suction and discharge grilles are visible
- › Optional fresh air intake
- › Reduced energy consumption thanks to specially developed DC fan motor and drain pump
- › No optional adapter needed for DIII-connection, link your unit directly into the wider building management system
- › Flexible installation: air suction direction can be altered from rear to bottom suction and choice between free use or connection to optional suction grilles
- › Standard built-in drain pump with 625mm lift increases flexibility and installation speed
