The floor standing unit can be installed quickly and easily in new or existing facilities

The floor standing unit can be installed quickly and easily in new or existing facilities in a variety of applications.

The Daikin VRV indoor unit range is one of the widest on the market, offering no less than 26 stylish and elegant models in 116 different variants – all designed to maximise comfort, minimise operating noise and simplify installation and servicing.

Designed to fit rooms of any size and shape, Daikin indoor units are also user friendly, ultra reliable, easy to control and quiet in operation.

All indoors units comply with the Ecodesign legislation by adopting DC fans in all indoor units, improving their energy efficiency.

Features and benefits:

- > Stylish modern casing finished in pure white (RAL9010) and iron grey (RAL7011)
- > Its low height enables the unit to fit perfectly beneath a window
- > Requires very little installation space
- > Wired remote control can easily be integrated in the unit using customised slot
- > Unit can be installed as free standing model by use of optional back plate
- > Wall mounted installation facilitates cleaning beneath the unit where dust tends to accumulate
